

## TAMMANY FIGHTS FOR EXAMINATION OF G. O. P. CITIES

### WIDENING RIFT SEEN BETWEEN STRONG SECTS

#### Demand Broadens For Investigation Of Strongholds

New York, Aug. 17.—(AP)—While Tammany Hall's petition to Governor Roosevelt for an investigation into alleged corruption in up state Republican cities was being drafted today, the prospect was seen in some political circles here of a widening rift between Tammany and the man prominently mentioned as possible Democratic presidential candidate.

The demand that the Hofstadter committee broaden its inquiry into the Democratic government of New York City to include such Republican strongholds as Buffalo and Binghamton was being drawn up by Senator John J. Dunnigan, spokesman for the Democratic minority of the committee. Senator Dunnigan had indicated his demand would be forwarded some time late today.

Governor Calls Meet.  
The legislature will meet in special session Tuesday of next week at the call of the governor, to consider a bill giving the Hofstadter committee power to grant general immunity to witnesses it calls in its New York City inquiry.

Senator Dunnigan's demand will be that at that time the governor seek passage of a bill extending the inquiry into Republican territory.

In some quarters here it was predicted that if Governor Roosevelt should accede to the demand he would so rouse the ire of Republicans as to hamper legislation of any kind.

The governor has not discussed his attitude toward a Tammany sponsorship of his possible candidacy and neither former Governor Alfred E. Smith, accepted national Democratic leader, nor the officers of Tammany as yet have had anything to say regarding the governor's availability.

Samuel Seabury, chief counsel for the Hofstadter committee, today was working in the quiet of his Long Island home on a report to Governor Roosevelt of his investigation into charges made against the District Attorney Thomas C. Crain, which demanded Crain's removal from office on grounds of inefficiency.

## OFFICIAL CONDUCT OF ROY YATES IS UNDER INSPECTION

### His Wife, Daughters Express Publicly Their Faith in Him; Woman Held

New York, Aug. 17.—(AP)—As New Jersey officials today investigated the official conduct of State Senator Roy T. Yates, shot and seriously wounded last Friday in an apartment here, his wife and daughters publicly expressed their faith in him.

Cheered by the first encouraging news from his hospital bedside, Mrs. Yates said his recovery was "the only matter of concern" to her.

"We are praying day and night," she declared, "after having seen him and talked to him. I am certain he will be spared to us for many years to come."

Meanwhile, Ruth Jayne Cranmer, in whose apartment the shooting occurred, was reported by Bellevue hospital to be recovered from the hysteria and bruises for which she had been treated. When she is discharged tomorrow morning, police will take her to headquarters to appear in the lineup. Later, she will be arraigned on a charge of suspicion of felonious assault.

The Ruptured and Crippled hospital, where Yates is a patient, reported his condition as still critical. Following an operation early Saturday morning, he had three blood transfusions. The shot penetrated his abdomen.

## WEATHER

## BAD WEATHER DELAYS JUMP OF LINDBERGH

### Are Just Around Corner From Their Vacation Land

Tokyo, Aug. 17.—(AP)—The flying Lindberghs were just around the corner tonight from their vacation land of Japan, waiting at Petropavlovsk on Kamchatka Peninsula for thunderstorms to wear themselves out on the Kurile Islands.

Colonel Charles A. Lindbergh and his wife, Anne, dubbed "The Little Blue Goose" by the Eskimo women at Akavik because of her flying abilities, had hoped to fly the 89 miles tomorrow from Petropavlovsk to Nemuro on Hakko Island 613 miles north of here. Storms and reports of fog further along the coast deterred them.

Interviews with the fliers in the Russian town, a center for the mining and fishing industries, indicated they were in good spirits and highly enthusiastic over their trip. Thus far they have flown across the North American continent to the northern tip of Alaska and on down across the ice-cluttered Bering Sea to Siberia.

Meanwhile Japan is excited and thrilled and anticipatory over the coming visit.

The Lindberghs' first contact with Japanese customs and people, outside of the few officials they have met elsewhere, will be at Nemuro, which tonight was said to have only two unoccupied hotel rooms—held for the visitors.

Nemuro is not large, and the inrush of newspapermen, news photographers, officials and the merely curious has taken all the available accommodations.

There were 89 reporters and 27 camera men there tonight, and more coming. Two newspapers sent charted airplanes to rush back pictures of the once Lone Eagle and his flying mate. Every newspaper, determined to get every word from the lips of the American Aviation Oracle, sent an American girl stenographer to take a verbatim report of any interviews the Lindberghs give.

## JACK DEMPSEY FILES DIVORCE IN RENO COURT

### Former Champion Says That Estelle Was Cruel; Love of Eight Years Ends

Reno, Nev., Aug. 17.—(AP)—Jack Dempsey, former heavyweight boxing champion filed suit for divorce from his actress wife, Estelle Taylor, here today ending a romance that began six years ago.

The complaint, filed after a complete breakdown of negotiations whereby Miss Taylor sought to have Dempsey buy back from her for \$100,000 the house he gave her as a wedding gift, charged mental cruelty, but did not go into detail.

"If I thought there was one chance in the world for Estelle and me to continue together I would never have brought this suit," Dempsey said.

"I am fond of Estelle and I always will like her, but it just couldn't be. She had her life to lead and I had mine. We were too different. I had my work to do. She had hers. There seemed to be no use to try any longer."

Dempsey said he wanted to get the case over with in a hurry—"To get out of here and go to work."

Robert E. Burns, his counsel, was not certain, however, that the case would be settled quickly. He pointed out that Dempsey's complaint was not accompanied by an answer in Miss Taylor's behalf and that this would mean that the suit would be delayed until such time as she does file one.

Two possibilities were considered—that the actress might bring suit for divorce in Los Angeles or file an answer and cross complaint in Reno and attempt to win the decree in the local courts.

## MYSTERIOUS OCEAN MAIL ROBBERY IS DISCLOSED, REPORT

### Pouch of English Registered Parcels Found Cut Open, Looted and Re-Tied

New York, Aug. 17.—(AP)—A mysterious ocean mail robbery was disclosed by postoffice authorities today with the arrival of the United States liner Leviathan.

A pouch of English registered parcels, mailed from Nassau, Bahamas, was found cut open, looted of seven pieces of mail and carefully tied up again. Authorities linked the robbery to a theft several weeks ago of \$25,000 in currency enroute from Nassau to the New York branch of the Royal Bank of Canada, aboard the Mauritania.

C. H. Claharan, general post office inspector said today's "articles of mail were of insignificant value." The articles were shipped July 27 last on the Munson liner Munargo to Nassau, where they were transferred via United States mail truck to the Leviathan.

Inspector Claharan said the robbery occurred either on the Munargo or in transit to New York. Thieves would have had little opportunity to operate on the Leviathan, he said.

Authorities have not as yet ascertained the contents of the stolen parcels, nor the names of the senders or addressees. Munson line officials said they had no knowledge of the robbery.

## Buffalo Bill Has Come to Life in Family Memories

Buffalo, N. Y., Aug. 17.—(AP)—Buffalo Bill Cody, pioneer, plainsman and Indian fighter, lived again today in the memories of those of his family who have survived him.

Stories of deeds which have made Buffalo Bill the idol of children were told and re-told as some 40 members of the Cody family gathered for their yearly reunion. The family banded itself together in an association shortly after the death of their illustrious ancestor in 1917.

It has traced its ancestry back to one Philip Cody of Beverly, Mass., who landed on the New England coast in 1692.

Buffalo Bill finally settled in Cody, Wyoming, and it is there the family will meet again next year.

William Cody Bradford, of Caspar, Wyoming, has been chosen to succeed Charles B. Cody of Erie, Pa., as president of the family association.

## BLOND BOSS OF REPUBLICANISM SEEKS LAWSUIT

### Lorimer Seeks To Sue Chicago Companies For \$1,000,000

Chicago, Aug. 17.—(AP)—Climaxing an 18-year fight to regain assets of the defunct La Salle Street Trust and Savings bank, its former president, William Lorimer, known for a score of years as the "blond boss" of Republicanism in Illinois, sought today in the circuit court for permission to sue the Chicago Title and Trust company for \$1,000,000.

Lorimer said that if Judge John R. Caverly allows the suit, it will be instituted to help him keep a promise to repay every cent lost in the failure of his institution.

He charged that the Chicago Title and Trust company, while acting as receiver for the La Salle bank, took over the Rosehill Cemetery company stock on which the bank had made a down payment of \$288,000 before it closed.

He charged the bank had not been credited with this down payment but that the cemetery stock is now in a \$1,000,000 trust fund and rightfully belongs to the depositors of the defunct bank.

Lorimer, now 70 years old, emerged from political retirement last spring to head the state in the interest of a wet plank in the Republican party platform. There was talk that the 70-year old politician, who has seen service in both houses of congress, would reenter active political life.

His political career had been full of ups and downs. After 12 years in the United States house of representatives he was named for the third state senate by the Illinois state assembly in 1909. He weathered successfully one senatorial effort to unseat him on charges of bribery, but a second investigation resulted in the United States senate declaring his seat vacant.

## U. S. RADIOLOGISTS DESCRIBE CAMERA VIEWED IN EUROPE

### New X-Ray Machine Shuts off Automatically When It Has Proper Exposure

By Howard W. Blakeslee  
New York, Aug. 17.—(AP)—A new X-ray camera which shuts off automatically when it has the proper exposure for a perfect picture was described today by a group of American radiologists returning from Europe.

They brought news of several X-ray developments. All returned as delegates from the Third International Congress of Radiology. They were Edwin C. Ernst, M. D., of St. Louis, president of the Radiological Research Institute, Bundy Allen, M.D., of Tampa, Fla., president of the Radiological Society of North America, and B. H. Omdoff, M.D., of Chicago, executive secretary of the American College of Radiology.

The camera has an X-ray backdrop behind the picture. This backdrop catches the rays after they have penetrated the film, and measures them by ionization with a partial vacuum. It is so that when just enough rays have passed through the film, the backdrop automatically switches off the electric current to the X-ray tube whereupon the exposure ceases.

The film can be set for any exposure desired.

## ST. LOUIS FLOODED WITH HEAVY RAINS

St. Louis, Aug. 17.—(AP)—Rain, which started falling at 1:50 o'clock this afternoon, flooded streets and sidewalks, partially blocked traffic for two hours, flooded the basement of Jewish hospital and caused several street washouts. One case of damage from lightning also was reported. The basement of the hospital was flooded when a nearby sewer backed up. Surgical instruments and supplies stored in the basement were damaged.

## LID IS PLACED ON OIL FIELDS OF EAST TEXAS

### Higher Price On Crude Oil Predicted By Executives

Kilgore, Tex., Aug. 17.—(AP)—Higher prices for Midcontinent crude and possible stabilization of the American petroleum industry predicted by oil executives tonight as the Great East Texas producing area, placed under martial law by Governor Ross S. Sterling, ceased to gush its demoralizing flood of oil.

Nearly a thousand Texas National Guardsmen were on duty in four east Texas counties to enforce Governor Sterling's order for a complete shutdown of the 1,600 producing oil and gas wells in the area.

No resistance had been met. The larger oil companies closed their wells before the soldiers arrived today to carry out the martial law proclamation issued at 6 a. m.

Leaders of the industry, with few exceptions, hailed Sterling's action. They expressed the view that with flush fields of Oklahoma, already shut down by Governor W. H. Murray's martial law edict, and curtailment measures impending in Kansas, Midcontinent crude prices would climb and there was real hope of stabilization.

Reeser, president of the American Petroleum Institute and head of the Barnsdall corporation, said at Tulsa:

"The action of Governor Murray and Sterling will prevent physical destruction of property and will enable the authorities of the states to put into effect proper and orderly production. The stabilization of the petroleum industry will follow the complete and orderly proration of the East Texas field."

Predict Higher Price  
Governor Sterling, himself an oil and estimated the Texas and Oklahoma shutdowns would take about one million barrels a day off the market.

He said martial law in East Texas will not be lifted until the state railroad commission has issued proration orders under the new state conservation law and is in a position to enforce such curtailment orders. The commission will be unable to act until after a hearing starting a week from today.

The Sinclair Oil and Gas company today posted a price of 25 cents a barrel for East Texas crude, meeting the advance announced last week by the Magnolia Petroleum company. Crude prices in Pennsylvania also were increased today, partly in response to the Midcontinent shutdown.

Affects Large Number  
Various officials estimated that 10,000 workers in the East Texas area would be affected.

W. L. Todd, chairman of the East Texas Oil Emergency committee, said that all the major companies planned to care for their employees during the emergency. In most instances, he said, the workers would be kept on payrolls to keep company organizations intact and in almost every case arrangements had been made to feed and house them.

Mayor Malcolm Crim of Kilgore, declared martial law was a necessity, even though it would place the oil field workers in a grave position. He feared that thousands might face privation.

## COLLAPSE FACES WORLD OF TODAY, SAYS ECONOMIST

### Theodore E. Gregory of Great Britain Makes Revelation in Political Talk

Williamstown, Mass., Aug. 17.—(AP)—Theodore E. Gregory, British economist, said today before the Institute of Politics that the world faced the possibility of financial collapse.

Settlement of the tangled international financial situation and close cooperation between American and British financiers and economists alone can avert the collapse, he said.

"If the money markets are unable to come to some decision as to the policy to pursue, then I believe some international order is not merely possible, but probable," Dr. Gregory said.

"British-American rivalry in the international field would be fatal. One can be quite clear as to what cooperation will be."

It will be the duty of America to furnish the money, and it will be the duty of London to furnish the experience."

## LABOR FEDERATION FAVORS PROPOSAL

Atlantic City, N. J., Aug. 17.—(AP)—The executive council of the American Federation of Labor in session here today approved a proposal that the United States accept membership in the world council in accordance with the Root formula.

The council also expressed approval of the silk workers strike in Paterson, N. J., and declared the employers were in violation of the wage scale maintenance pledge to President Hoover in 1928 by continued reductions in the wage scale.

William Green, federation president, speaking for the council, said that more than 90 per cent of the strikers were members of the organization identified with the federation and had nothing to do with communistic elements.

## CHINESE GOVERNMENT HAS BEGUN NEGOTIATIONS FOR PURCHASE OF U. S. WHEAT

### BRAND CHARGES OF F. SMITH AS AFTER THOUGHT

#### Rosenwald's Lawyer Marks Letter Of Inducement

Chicago, Aug. 17.—(AP)—Julius Rosenwald's attorney today characterized as "a state after-thought" Frank L. Smith's charges in an open letter that Rosenwald had offered him 10,000 shares of Sears Roebuck stock as an inducement to abandon his campaign for the United States senate in 1926.

The community knows Mr. Rosenwald; it also knows Frank Smith, the attorney, Leo F. Wormster, said.

The attorney said the letter, addressed to Prof. Carroll F. Woody, of the University of Chicago, was a bookended additional chapter to a book written by Prof. Woody about the 1926 senatorial campaign, was "relatively inconsequential" and coming five years after the alleged incident took place, "a state after-thought."

From Rosenwald himself no statement was forthcoming because his family, fearful the controversy might adversely affect his health, kept him ignorant of Smith's charges. He has been under care of a doctor for several months at his summer home in suburban Ravinia, mostly confined to bed.

His physicians have issued strict orders that all controversial matters should be withheld from him (Rosenwald's attention, the philanthropist's son, Lessing Rosenwald, said.

Smith, head of the Illinois Commerce Commission in 1926, was the successful Republican candidate for the senate, but was refused his seat after a senatorial committee under the chairmanship of Senator James A. Reed, Democrat, Missouri, reported their investigation disclosed his campaign had been financed largely by allegedly excessive donations by public utilities heads, especially Samuel Insull, Chicago power magnate.

Prior to its refusal to allow him a seat, the senate had rejected him as an appointee by Governor Len Small to fill the unexpired term of the late Senator William McKinley.

Prof. Woody said he "had no comment to make" on the details of the letter, but noted "with regret that Mr. Smith has selected as the moment for launching a reported new campaign for public office a time when Mr. Rosenwald's illness makes it difficult for him to speak for himself in the matter."

## GERADO MACHADO SAYS REBELLION HAS BEEN ENDED

### President Prepares to Return to Havana Where Leaders Are Imprisoned

Santa Clara, Cuba, Aug. 17.—(AP)—President Gerardo Machado announced this afternoon the rebellion had been pacified as he prepared to return to Havana where two of the principal leaders of the revolt are imprisoned in Cabana fortress.

Callers thronged the provincial palace here and congratulated the president of what they assured him was the end of the uprising.

So far as dispatches indicated Cuba was quiet today, but there was no word that the insurrectionists had given up their effort to end the Machado regime.

The fate of former President Mario G. Menocal, Colonel Carlos Mendietta and nine members of their staff, imprisoned in Cabana fortress, has not yet been decided. It was authoritative-ly said.

The situation in Santa Clara, home province of President Machado, was described by him as "not of sufficient importance to mention."

The president declined to say how many troops were operating in Santa Clara, but remarked they "would be disposed through the province as was necessary."

## GOSPEL WORKER IS MAKING PLANS TO CONTINUE SERVICE

### Still Weak But Apparently Improving Mrs. Lois Guire Discloses Ideas

Big Sandy, Tenn., Aug. 17.—(AP)—Still weak but apparently improving despite lack of medical treatment, Mrs. Lois Guire, gospel worker, arranged to continue her evangelistic service less than a week after she was bitten by a rattlesnake in a test of her religious faith.

She said the snake was the eleventh to bite its fangs in her flesh. "Sister Smothers" as she is called by her followers, claimed she was incorrectly quoted as saying no snake would bite her.

"I said no snake would kill me," the 33-year-old evangelist declared. "My faith is strong enough to heal me."

A member of her congregation brought the snake to last Wednesday night's services. Mrs. Guire waved it before her audience. As she placed it in its box, it struck her. Ten minutes later, she was placed in bed seriously ill.

### Martin O'Leary, a Public Enemy, Held by Police

Chicago, Aug. 17.—(AP)—Martin O'Leary, a "public enemy," and three other men were held by police today while efforts were made to determine whether they were connected with recent robberies or kidnappings.

O'Leary was questioned concerning the slaying of Policeman Raymond Martin two years ago while the officer was impersonating Moses Blumenthal, brother of Philip Blumenthal, who had been kidnapped, at a rendezvous with the abductors.

Frank Duan, of Rockford, Ill., saw O'Leary today, but was unable to identify him in connection with a \$275 robbery in Rockford recently.

## COMMISSIONER OF ATHLETICS BRANDS IDEAS

### John L. Griffith Says Statement Perhaps Is Long Wish

Chicago, Aug. 17.—(AP)—Major John L. Griffith, Western Conference commissioner of athletics, today described the suggestion by Dr. Henry Smith Pritchett, president of the Carnegie endowment for the advancement of teaching, that football stadia be taxed, as being "perhaps in the nature of a wish on the part of Dr. Pritchett."

Major Griffith said that he was a member of a committee appointed by the National Collegiate Athletic association in 1929, to study the question of exemption of college athletics from the amusement tax with the U. S. treasury department. The legal staff of the treasury department, he pointed out, ruled that college athletics were to be considered as part of the work of educational institutions, and consequently entitled to tax exemption.

Dr. Pritchett does not agree with this ruling, Major Griffith said, "the cause he holds that athletics are not a part of education. His attitude, however, is not shared by the majority of college presidents and faculty men. Ninety six percent of the college presidents recently agreed that intercollegiate athletics have a legitimate place in collegiate institutions."

Since the Carnegie foundation has, in the last several years, expended considerably more than \$100,000 in studying college athletics, Dr. Pritchett undoubtedly knows that there are more than 1,000 institutions above the high school rank in the United States. He also knows that in not more than 25 of these institutions are the returns from athletic adequate to finance the cost of physical education and athletics departments. If this is true, then the Carnegie foundation attacks on college athletics are directed against those 25 universities, most of which could pay an amusement tax if forced to. The other 975 colleges and universities, however, are having a difficult time in financing their activities as it is."

## RECEIVER FOR 12 BANKS ISSUES AN AMAZING ADDRESS

### Says John Bain, His Two Sons and Three Companies Owe Banks \$2,000,000

Chicago, Aug. 17.—(AP)—Irwin T. Gilruth, receiver for 12 banks controlled by John Bain, former member of the South Park Board, today issued a statement declaring that Bain, his two sons, and three companies in which he was interested owe the banks more than \$2,000,000, mostly on notes backed up with no collateral.

State's Attorney John A. Swanson, apprised of Gilruth's statement, declared:

"What I hear is true, the state's attorney office will certainly investigate the matter. If there is any evidence of dishonesty, there will also be vigorous prosecution."

The \$2,000,000 is owed the 12 South Side banks, Gilruth said, by Bain; his sons, John H. Bain and Robert A. Bain; and three concerns, John Bain, Inc., the John Bain Real Estate improvement corporation, and the Lewis company.

Of the total allegedly owed the banks, the statement said, more than \$500,000 was borrowed within 60 days of the closing of the institutions early last June and \$800,000 of the half million dollars was borrowed within eight days of the closings.

## MAN IS KILLED AS HE ATTACKS LEGION BAND

Cleveland, O., Aug. 17.—(AP)—A man identified as James Harvey, 50, white, was killed tonight as he attacked, with a knife in each hand, a Cleveland American Legion Post band composed of negroes as they formed for the Ohio American Legion parade tonight, planned jointly by the legion and the Chicago Council of Social Agencies. It will operate through existing social agencies.

Governor Emmerson complimented the commission in its work last year when a goal of \$5,000,000 was oversubscribed. Mayor A. J. Cernak asked for an early start on the problem "which will be greater than that of last year," he suggested a voluntary sales tax of a cent or two on packages, amusement tickets and the like for 20 weeks as a means of raising \$5,000,000.

## WOULD UTILIZE SURPLUS GRAIN FOR SUFFERERS

### Make Inquiry To State Department To Find Out Credit Term

By Melbourne Christerson  
Washington, Aug. 17.—(AP)—The Chinese government today began negotiations looking toward the purchase of farm board wheat for the relief of flood sufferers in the Yangtze river valley.

An informal inquiry was addressed to the state department to learn the amount of wheat available on credit terms. No definite proposition was included, however, either as to terms or quantity.

The communication, forwarded here by the American consulate at Nanking, was sent to the farm board. The bushels of wheat.

board controls more than 200,000,000. Meanwhile, two more rejections of its cotton destruction plan were received by the board. They came from the governors of Arkansas and Oklahoma who submitted counter proposals to the suggestion of plowing under every third row of standing cotton as a means of reducing supplies and increasing prices.

At least seven of the fourteen governors have now rejected the plan. Six have offered other proposals to accomplish the same purpose.

In view of Chairman Stone's indication that ten of the largest cotton states must agree, abandonment of the plan now appears certain.

While the board has had no opportunity to consider the informal inquiry of the Chinese government, Stone recalled today that he had held informal discussions with Minister Wu before the latter's resignation in which he outlined the terms acceptable to the board for wheat purchases. These took place several months ago.

Stone termed China the greatest potential market in the world for all commodities. He said, however, there (Continued On Page Six)

## LABOR SITUATION CAN BE RELIEVED REPORTS JAHNCKE

### Assistant Secretary of Navy Department Advocates Cut in Working Days

Chippewa Falls, Wis., Aug. 17.—(AP)—Relieving unemployment by shortening the working day and week and maintaining present wage scales was advocated tonight by assistant secretary Jahncke of the navy department.

Addressing the Wisconsin State American Legion convention, Jahncke denounced the dole and attacked "political demagogues" whose proposals, he said, have a tendency toward Marxian Socialism.

The problem of combatting the depression, he said, "goes deeper than such evasion proposals as doles and public or private charity. The problem must be attacked at its root and that root is the question how to control increasingly efficient mechanized production."

"Obviously we cannot abandon if we would the use of more efficient machinery. But one alternate remains, and that is to supply employment and to reduce the hours of labor and shortening of working week, while maintaining the present high standard of wages."

"We have created for ourselves an enormous giant—the machine. Now we must learn to control it."

"Although today there are millions of unemployed and the winter ahead will without question be one of hardship in many sections, nevertheless I believe that we stand now on the threshold of a new dawn of prosperity x x x"

## LABOR BOARD IS REORGANIZED TO RAISE HUGE SUM

### Emmerson's Commission Will Attempt to Raise About \$10,000,000 Relief

Chicago, Aug. 17.—(AP)—Governor Emmerson's commission on unemployment and relief re-organized itself today to raise about \$10,000,000 against distress in Illinois next winter.

Edward L. Ryerson, Jr., was elected chairman to succeed George Getz, Chicago, who resigned yesterday. Ryerson also will head the joint emergency relief fund of the commission and the Chicago Council of Social Agencies. It will operate through existing social agencies.

Governor Emmerson complimented the commission in its work last year when a goal of \$5,000,000 was oversubscribed. Mayor A. J. Cernak asked for an early start on the problem "which will be greater than that of last year," he suggested a voluntary sales tax of a cent or two on packages, amusement tickets and the like for 20 weeks as a means of raising \$5,000,000.

## Lost, A Revolt

As a rule, revolutions in the modern world have been successful. Most of the South American governments have been overturned. Spain has undergone a radical change in government and there have been other upsets which put the old order out of the running.

But the Cuban revolution is among the failures. It is one instance in which the revolutionists, often pictured as more noble than their enemy, has been thoroughly licked. Eleven men are today incarcerated in a gloomy fortress, all of them once prominent in the life of Cuba, because they led a losing battle against President Machado.

It is doubtful whether the Cuban president will have the nerve to execute the leaders of the revolt; yet he may take a chance. It will depend on whether he considers himself secure enough in power to risk putting his enemies out of the way. It happens that the leaders in the revolt were once themselves in the saddle, and that they did no better by the people than Machado is doing now.

The revolt seems to have been put down by superior force and equipment. Machado, dictator who he is shown himself to be a real leader by taking personal command of the military force in the field. This much is to his credit. The surrender of the leaders came long, weary days of hiding and dodging the regular troops, as the chase was earnestly carried to a successful conclusion.

It is certain the trouble is not settled, for there are some who would like to see the government to be righted. It may be that Machado, in order to keep himself secure in office, will concede some of his powers and allow the people more freedom. The fact remains that, however just the cause may have been, the leaders were not the proper men to fight the battles of the people.

## Removing Slums

The Wicksham commission has proposed that something be done to remove the slums of our large cities, which are breeding spots of crime. Everyone recognizes that this is a fact and that these festering masses of poverty pour into the stream of society countless juvenile delinquents, who make up the growing criminal population. The slums can be removed only as poverty and degradation is lessened, and that can be done only by a wider dissemination of wealth.

But the Wicksham group must have overlooked a bet when they laid most of the blame on the slums. The experts fail to mention the quiet neighborhoods where criminals often dwell in respectable homes and conduct exclusive resorts for the patronage of the people who like to be naughty, but also want to be nice. In this land of the free, the bootlegger can dwell where he wishes, and he often secures a residence in a neighborhood where he would be least sought.

The people around the block know of his presence; they have bought their homes and are trying to live lives of sobriety and respectability. They often suffer in silence, knowing only too well that the law requires them to turn into policemen in order to rid the vicinity of the law violator. A protest made to the officer on the beat brings the reply, "Get the evidence," and the citizen who does not patronize such places, suffers in silence.

It is a good idea to remove the slums, and it is hoped that some day man's inhumanity to man will be so lessened as to make it a little easier for the downtrodden and poor to earn a decent living. But it might also be well for the law to weed out of the better residence districts those whose heads are fully set in them to do evil and who live in good communities to give an air of respectability to their wickedness.

## ARMY SURGEON AND WIFE VISIT HERE

Dr. and Mrs. A. W. Leuchner have arrived here from Plattsburg, New York, for a visit with her father, J. E. Edmunds and friends. Mrs. Leuchner was before marriage Miss Mildred Edmunds of this city. Her husband is a surgeon in the U. S. Army.

Dr. and Mrs. Leuchner were in San Francisco during the winter. They were in the Panama Canal some for a time and then spent twenty-six days in New York. They expect to leave next week for Washington, D. C., where Dr. Leuchner will be stationed.

## Shavings--Saws

It's a question whether the world is filled with unrest, or only a bit nervous.

They say it's hard to get a drink of water in Europe, but not because of the depression.

Tammany says it's none of Governor Roosevelt's business.

## REV. PONTIUS IS SPEAKER AT UNION MEETING SUNDAY

**Christian Church Pastor Warns Against Decline in Civilization**

It is morning or evening in the red-dening sky of Anglo-Saxon civilization? was the question put last night by Dr. M. L. Pontius to a large audience at the union lawn service.

The speaker used as a text the words of the Master, "Ye can discern the face of the sky, but ye cannot discern the signs of the times."

He examined into the condition of industry, politics and religion with reference to whether their status indicates decline or progress, and indicated that the reddening sky might mean the evening of civilization, but that in some respects it might also signify the dawn of a new day.

Earl M. Spink presided over the services. A. D. Hermann read the Scripture lesson of the evening, and Rev. F. A. Havighurst offered prayer.

The offertory prayer was given by Dr. J. R. Harker. Miss Rhoda Olds sang a solo, with Miss Alice Mathis as accompanist. Dr. Pontius pronounced the benediction.

The speaker based his leading question on the story of a man who was lost in the Canadian Rockies and wandered for several days with little food and practically no sleep.

At last he came to a mountaineer's cabin, where he was given food and slept for several hours. When he awoke, he was alone; he had lost all sense of direction. Going to the door, he saw a reddening sky, and asked the question, "Is it morning or evening?"

The speaker put the same question with regard to civilization, saying in part:

**The Reddening Sky.**  
"Is it morning or evening in our industrial life? We have watched the course of industry move westward across the Alleghenies, the Mississippi, and finally to the great Pacific. We have watched it grow into a gigantic thing, but we are now face to face with the reddening sky, and we wonder what it means. When he think

of the terrible conditions which exist now in our mining regions, of the 7,000,000 men and women in the country which statisticians say are unemployed, we may think it is evening. Recently an employee of the federal government had the effrontery to suggest that cotton growers plow up every third row, and no doubt they will soon suggest that we destroy every third bushel of wheat or of corn. They ask that cotton be destroyed, well knowing that this winter hundreds of little children will shiver with cold. God will smite a civilization that wantonly destroys the products of the soil.

"Is it morning or evening in the reddening sky of our political life?" would not on Sunday evening say anything regarding either the Republican or Democratic parties, for I was always taught not to speak ill of the dead. The Republican party is dead from corruption and inertia, and the Democratic party is dead, drowned in a whisky barrel. We send men to the Illinois legislature, and they have to hold mass meetings and send them long petitions to try and get them to do their sworn duty. Where we need to do our work is at the polls, and not in mass meetings of protest.

**Struggle of the Churches.**  
"Is it morning or evening in the reddening sky of our religious life?" When we consider that there are more than 200 Protestant denominations trying to keep going in this country, we may think it is evening. In a community of about 1,200 people not so far from here there are half a dozen Protestant churches struggling alone. In that same community, there are six ministers' salaries to pay, six buildings to keep in repair and to keep insured. Yet there is a tendency toward union in some places, and if the churches persist in the present disintegrated condition, God will do the work through economic pressure, forcing them together to avoid the drain of financial resources which they now experience.

"On the reddening sky of religion, I can see a Cross, and insofar as men and women fall at the feet of Christ and at the foot of the Cross, it indicates the dawn of a new day. If I had my way I would put a cross in every Protestant church, for it is the symbol of the new life which comes to men through Christianity."

## JACKSONVILLE MAN BADLY HURT WHEN CAR TURNS TURTLE

**Claude Bostick Sustains Broken Leg; Brought to Local Hospital**

White Hall, Aug. 17.—Claude B. Bostick of Jacksonville, who for the past two weeks has been employed as baker for the Thomas Fry Bakery in White Hall, suffered a broken left leg early Sunday morning when his car turned over on the hard road just at the north city limits of Roodhouse. He was first brought to the Walton hospital in White Hall and later taken in the Dawdy ambulance to our Saviour's hospital in Jacksonville.

Miss Vivian Retherford, who was injured in an auto accident Wednesday night between White Hall and Carrollton and was thought to be internally injured had so far recovered Saturday that she was taken to the home of her mother, Mrs. Addie Retherford on East Lincoln street. Katherine Kelly who was injured in the same accident and is suffering with a broken leg remains at the hospital, and is improving satisfactorily.

Meade Baldwin who has been a patient at Walton hospital for the past several days is improving.

Mrs. Albert Smith is resting as well as can be expected at her own home suffering with a broken hip. Her son and his wife, Mr. and Mrs. Earl Smith of Fredericktown, Missouri, are here taking care of her. Her sister, Mrs. Mary Ballou, who has been visit-

ing in Rosco, Missouri, will come Monday to assist in her care.

Mrs. Fred Burrus, who underwent an abdominal operation at Walton hospital, was able to leave the hospital Sunday and return to her home on Railroad street.

**Woman 84 Years Old**  
Mr. and Mrs. Albert Vosseler entertained at a picnic supper on the lawn at their home on West Bridgeport street Saturday evening honoring Mrs. Vosseler's mother, Mrs. M. C. Reamer, who will be 84 years old.

August 21. All of Mrs. Reamer's children, grandchildren and great grandchildren were present except Mr. and Mrs. Clarence Vosseler and little daughter, June, of Colorado Springs, Colorado, and they sent a letter with pictures for the occasion. Pictures of the gathering were taken in various arrangements with the grandmother as the central figure.

Those present included Mr. and Mrs. A. E. Vosseler, of White Hall; Mr. and Mrs. Gilbert Vosseler and three children; Kenneth Vivian, and Gloria Ruth of Kansas City; Mr. and Mrs. Lee Erb and four children, Katherine, Billy, Rosa Lee and Lura Lee, recently of San Diego, California; Postmaster L. # "TOASTING" expels SHEEP-DIP BASE naturally

(Black, biting, harsh irritant chemicals)

## present in every tobacco leaf

**"They're out—so they can't be in!"**

Every LUCKY STRIKE is made of the finest tobacco leaves the world can offer—the finest from Turkey—the finest from Kentucky, Tennessee, Virginia, Georgia and the Carolinas—the Cream of many crops throughout the world. But all tobacco leaves, regardless of price and kind, as nature produces them, contain harsh irritants. LUCKY STRIKE'S exclusive "TOASTING" Process—a process that mellows, that purifies, that includes the use of the modern Ultra Violet Ray—expels certain harsh irritants naturally present in every tobacco leaf. We sell these expelled irritants to manufacturers of chemical compounds, who use them as a base in making sheep-dip\*, as well as a powerful spraying solution for trees, flowers and shrubs—enough to permit the daily dipping of over 50,000 sheep or the daily spraying of many thousands of trees. Thus, you are sure these irritants, naturally present in all tobacco leaves, are not in your LUCKY STRIKE.

## LADIES CLASS TAKES CHARGE OF SERVICE

An unusual worship hour service was presented to the congregation of Northwestern Presbyterian church Sunday morning. Inasmuch as the service was in charge of the Violet class, which is composed of ladies, of which Mrs. Joshua Vasconcellos is the teacher.

The following was the order of the service:

Prayer—Doxology—Mrs. Grace Ferreira. Invocation, Lord's Prayer—Miss Ethel Fernandes. Gloria Patri—Choir. Responsive Reading—Miss Laura Fernandes.

Scripture—Mrs. Mabel Sturdy. Prayer—Fred E. Day. Offertory Prayer—Miss Ethel Fernandes. Anthem, "Trees"—Mrs. Edna Vasconcellos.

The sermon was delivered by Mrs. Leora Frank, of which much favorable comment was given. Mrs. Frank had as her topic: "Where Is Your Name Recorded?" Her text was, "And the books were opened—Revelation 20:12."

Mrs. Frank said in part:

"This is one of those passages of Scripture that rises up to meet you as you approach it, and instead of reading through it, and passing on you do with the more ordinary passages, you stop and draw back a bit, realizing that what is before you is the introduction of something so divinely awful and so solemn that mortals like ourselves can only hesitate and tremble."

"Some people write their own biography. Some times friends do it for them. But God has a better record than any man can write. And in God's record everything goes down. In these man-made records the bad is usually left out. Every once in a while we discover something about one of our greatest men that was never in his biography. But God's record is a perfect one. The good deeds are there, but the bad ones are there, too."

"I have heard, as you have, the world's master voice in marvelous life-likeness through the phonograph, which means 'the writing of sound.' And I have thought if a man can do a thing like that, what a perfect record God must have of every word which has fallen from your lips and mine."

"God is keeping books. He is making a record of your life and mine, and what I would have you know now is, that one day the books will be opened, and you and I will be there to face the records. There is something about your life that no other human being knows, but God knows."

"There have been glad moments and proud moments in almost every one's life, but the world does not hold one thing over which a man may rejoice, whether it be military achievement, or literary distinction, or national honor, or political power that is worthy at the last to be compared as a reason for rejoicing, with the fact that your name may be written in the Lamb's Book of Life."

## Mitchell Continues March To Championship In Nichols Park Open Title Tournament

Homier Mitchell, assistant caddy master at the Jacksonville Country Club, continued his march to the Nichols Park Open championship Sunday when he blasted out a 69 for the second 18 holes of the qualifying round, at the same time taking a ten stroke lead. Players from the Country Club forged ahead all through the day, Merle Reynolds being the only strictly Nichols park golfer to get among the first five players.

Reynolds stayed in the running for the title by knocking out a 76, but Mitchell, with a ten stroke lead, is practically the champion now. However, 36 holes remain to be played, and the final test will come next Sunday when the golfers will tee off in four-somes for their final tour of the course. Mitchell's 69 Sunday gave him a total score of 139 for the first 36 holes of the tournament, and Reynolds finished out his qualifying with a total of 149 strokes.

The Nichols Park golf committee will hold a meeting tonight to name the players in the various flights, and to fix starting times for Sunday's matches.

**Justus Wright Withdraws**

Justus Wright, former Open, City and Country Club champion, withdrew from the race on Sunday when he picked up his ball on the outgoing nine holes and failed to finish one hole. Wright was up among the leaders during the first 18 hole qualifying round, but elected to withdraw Sunday.

Mitchell, who was playing with Wright, H. W. Keady, and Cass Hamm, Country Club champion, took a 35, 3 over par, on his outgoing nine holes Sunday, and finished with a 34. During the two rounds he carded one birdie and ten par holes. There were four fives on his card, seven threes, and the rest fours.

Most of the players found the going tougher last Sunday than they did on their first qualifying round. A few turned in better medal scores, but the average was slightly higher than on the preceding rounds.

## MRS. M'CAULEY EXPIRES SUNDAY IN WINCHESTER

Prominent and Respected Citizen Passes Away After Extended Illness

Winchester, Aug. 17.—Mrs. Marie Antoinette McCauley, wife of J. L. McCauley, well known resident of Winchester, passed away Sunday at one o'clock at her home.

Decedent had been in poor health for some time but had improved enough to make a visit with her sister in Decatur a few weeks ago. She was taken seriously ill suddenly Friday and regained consciousness before death.

Mr. and Mrs. McCauley have been in the hotel business in Winchester about 30 years, minus a period they were in White Hall. Decedent was devoted to her home and was a highly respected citizen of the community.

Mrs. McCauley was born Dec. 27, 1859, at Waggoner, Ill. Her father and mother, Mr. and Mrs. Zedek Leach, died when she was only six years of age.

Surviving are the husband, J. L. McCauley of Winchester; two daughters, Mrs. William Peak of Winchester and Mrs. Estelle Coldiron of Los Angeles, Cal.; one son, Charles McCauley of Winchester; two sisters, Mrs. Nancy Gillerist of Lincoln, Neb., and Mrs. Mae Hall of Decatur; two grandchildren, Mrs. Neva McCauley of Los Angeles, Cal., and Harold Coldiron of Chicago; two great-grandchildren, Charlotte and Jane Coldiron of Chicago.

The body was taken to the Dietrich Funeral Home to be prepared for burial. Funeral will be held Tuesday afternoon at 2:30 o'clock at the Baptist church in Winchester. Rev. W. R. Johnson will officiate.

Mr. and Mrs. Harold Coldiron of Chicago and Mrs. Mae Hall of Decatur arrived in Winchester today, having been called here on account of the death of Mrs. J. L. McCauley.

## ITALIAN PUGILIST KNOCKS OUT YANK

New York, Aug. 17.—(AP)—Giacomo Bergomas, big Italian heavyweight, knocked out Jack Shaw of New York in 34 seconds of the first round of their ten round bout at Stardi Park tonight. A left and a right sent Shaw down for the full count. Bergomas weighed 221 pounds, Shaw 190. Luis Angelo Torres, 157 1-2, Porto Rico, felled Johnny Kerr, 156, Scotland, four times before the referee stepped in and awarded the Porto Rican the victory on a technical knockout after 33 seconds of the fourth round of a five-rounder.

Other five-rounders resulted as follows:

Tommy De Stefano, 185, New Haven drew with Leo Mitchell, 179, Long Beach, Cal.; Duane Dugan, 180, Michigan, won a decision from Harry Hartman, 177, Germany.

## INDEES WIN FROM SHAMROCKS 11-4

Victory Ends Series Between Two Teams With Indies Leading 3 to 1—Timely Hitting Wins for Indies.

Jacksonville Indies brought their series with the local Shamrocks to a close Sunday afternoon at the South Side park by administering the third straight defeat to the youngsters by a score of 11 to 4. The Indies won three out of the four games played of the five game series.

Heavy hitting marked the day, each team collecting 11 hits off the opposing pitcher. The Indies gathered in their share blows at more timely moments, however, to put up their score. Zell and Flynn, opposing pitchers, each had seven strike outs to their credit at the end of the game.

The first inning was typical of the scoring frames of the game, the Shamrocks getting four safeties and scoring only two runs, while the Indies collected four hits and scored four runs. Wagner opened the game with a double and scored on Henderson's single. Duffner sacrificed Henderson to second, Burkery rolled out and Murgatroyd singled to score Henderson. Clark singled, but Murgatroyd was run down between third and home for the final out.

Then the Indies began their assault, Sellers opening the first frame with a single and going to second on Whitaker's sacrifice. Paul Smith followed with another double and Polard followed with another double and John Smith cleaned the bases with a home run.

After the opening assault of the two teams, the air cleared and no more scoring occurred until the sixth, when the Shamrocks scored a run on a pair of hits. The Indies also scored, getting two runs on another pair of blows. The Indies counted again in the eighth tallied three runs on a single blow. Cooney interfering with Bierman at the plate causing the umpire to rule that the runner had scored safely.

The Shamrocks counted their fifth tally in the eighth on two more hits. Duffner doubling to open the inning, advancing to second on Zell's error and going to third on John Smith's misplay. Burkery singled to score him. Zell struck out the next three batters to face him.

## SUAREZ HELD TO DRAW BY ROSSI

New York, Aug. 17.—(AP)—Fighting listlessly most of the way, Justo Suarez, Argentine lightweight, was held to a draw by Emil Rossi, a comparatively unknown New York Italian, in a ten round bout at Dexter Park, Brooklyn, tonight. Suarez weighed 137 1-2, Rossi 140 1-2.

The result was almost as sensational as an upset as when Suarez was knocked out by Billy Petrolle in Madison Square Garden June 25, just when the Argentine youngster seemed headed for the lightweight title.

Suarez started fast, slugged Rossi all around the ring in the opening round and felled him for a count of nine. Rossi came up bleeding from the mouth but held on grimly until the bell. He absorbed considerable punishment in the next two rounds but Suarez could not floor him again. From then on Suarez tired badly and Rossi fought on at least even terms with the South American all the rest of the way.

The bout was so closely fought that the judges disagreed, one giving the verdict to Suarez and the other to Rossi. Referee Johnny McAvoy then cast the deciding ballot and called it a draw.

## CUTS GASH IN ARM IN FALL THRU WINDOW

Frank P. Vieira of Brown street, suffered a painful injury Sunday when he stumbled while entering a North Main street store and fell against a window. The glass broke and he suffered a deep gash on his right arm, in which a physician had to take several stitches. ## WOMEN PLAYERS WIN WITH EASE

The Moodys, the Nuthalls and the Jacobs Breeze Through Opening Rounds of Women's National Championship.

Forest Hills, N. Y., Aug. 17.—(AP)—The Moodys, the Nuthalls and the Jacobs of the women's tennis world had little, if any, difficulty sailing through the opening round of the forty fourth annual women's national championship at Forest Hills today.

Fifteen domestic and foreign seeded stars and as many lesser lights polished off their preliminary opposition during the afternoon, cutting the field to 32 players for second round tomorrow. There was only a scattering of three-set matches, all except one of the seeded entries blasting their rivals aside in the regulation two sets.

The lone seeded player to fall by the wayside was the Baroness Giacomo Levi of Rome and New York, who lost to Virginia Hileary of Philadelphia in the day's closing match on the center court, 6-3, 6-4. Although she was unseeded for the present tournament, Miss Hileary is at present ranked No. 4 in America and her victory scarcely could be classified as an upset.

Mrs. Helen Wills Moody, six time champion and pronounced favorite to lift the crown now worn by Betty Nuthall of England, led the parade through the first round with a 6-0 triumph over Edith Sigourney of Boston. Without losing her perfect poise or extending herself unduly, Queen Helen the first disposed of her less famed rival in the remarkably quick time of twenty one minutes.

## HUDSONITES AND CHRISTIANS WIN

Another double-header was played in the playground baseball league last evening during the twilight hours, Christian Men defeating Northminster in a hard fought game by a score of 7 to 6, and Modern Dairy taking one from Peerless Bread company by a score of 18 to 8 to stage a fine comeback after being swamped last week by the Capps team.

In the game of the Christians versus the Northminster players, the Campbellites grabbed a three to one lead in the first inning and stayed in front the entire game but was continually threatened by efforts to score on the part of the Northminster club. In the second game, Modern Dairy batted their way to a substantial lead in the first period and kept up their hard hitting tactics in every inning to soon put the game in the bag.

The lineup:

Christian Men—Norton, c; Orfield, 1b; Deitz, p; Coultas, 1ss; Livedgood, c; Gibbs, lf; Hardin, 2b; Roodhouse, rss; Demmer, 3b; Cline, rf; Hermann, rss (Substitute for Roodhouse).

Northminster—H. Nunes, 1b; Wilds, rss; J. Smith, p; O. Nunes, 1ss; Vasconcellos, lf; Sellers, c; R. Nunes, 2b.

By John L. Cooley  
Associated Press Financial Editor  
New York, Aug. 17.—(AP)—The stock market got off to a bad start at the beginning of the new week today.

Sponsors of the bull movement last week had expected they might encounter a little resistance this week, but had not counted on any such adverse influence as the suspensions of the large Toledo banks.

Several popular shares lost 2 to 5 points. Selling was fairly heavy for a time in the late morning, but the list turned dull thereafter and recovered a little in the early afternoon. A fresh sag occurred in the last hour, and the general market finished around the day's lowest prices. Transfers aggregated 1,317,690 shares.

While the suspension of the Toledo banks was not altogether surprising to well informed Wall Street banking circles, where the situation had been known for some time, and where delay in effecting the projected merger of the three institutions had been viewed as rather ominous, it was obvious that the bull pilots of the stock market had laid their plans without taking the situation into consideration. While the only real reason here was psychological, the effect was bad enough to discourage bulls from making further efforts. With professional support withdrawn, the market flopped back heavily.

The loss as measured by the average for 90 shares amounted to 3 points or nearly half of the net gain for last week or roughly 7 points. It was the most severe break since July 29, when the average lost 31 points in response to the reduction of United States Steel's annual dividend basis to \$4 from \$7.

PRICES FIRM IN  
CATTLE AND HOGS

Chicago, Aug. 17.—(AP)—Sharply expanded receipts of all livestock at the principal markets today failed to break prices in cattle and hogs in Chicago, but raised havoc with sheep and lambs.

Unable to withstand the effects of a deluge of 30,000 lambs here and with 115,000 reported at 12 markets, prices collapsed under the strain and early sales were 25-50 cents lower. Trade became slower and slower until the close came with buyers and sellers deadlocked. Commission men refused to sell at the sorts and grades a large measure for a strong to a dime higher market early, but the finish was generally slow and only steady. Shippers bought 8,000 head before retiring.

Light yearling heifers were the headlines in the cattle market, selling in a new peak for the season, \$5.50, but advances were also noted in highly finished heavy steers and in replacement cattle. Long yearlings again reached \$10.00.

BOND TREND IS ON  
STEADY DECLINES

By Alexander Henderson  
Associated Press Financial Editor  
New York, Aug. 17.—(AP)—The bond market declined irregularly today, although it had a tendency to advance in the early trading. The average closing price of thirty representative corporate bonds was 93.1, a net loss of two tenths of a point for the day.  
The average of ten railroad issues was six tenths of a point lower at 94.5, the equivalent of the low record reached last Thursday. A long list of railroad bonds which were the most active of the domestic issues, reached new low record prices and a still greater number closed lower for the day. Among the former group were: Boston & Maine fives of 1967, Baltimore & Ohio 4 1/2s of 1960, New York Central New 4 1/2s of 1933, Erie Series B fives of 1953, Great Northern Series D fives of 1953, Southern General fives. Railroad shares were among the heaviest losers in the stock market.

Public utility and industrial loans were less active than either the rail or foreign obligations and the downward trend among them was less marked. Columbia Gas & Electric fives of January 1961, Consolidated Gas of New York 4 1/2s, the New Delaware Power & Light 4 1/2s of 1971, Detroit Edison Collateral fives, International Telephone 4 1/2s of 1939 and New England Telephone 4 1/2s of 1961 were among the public utility issues to close lower.

Texas Corporation fives, Warner Brothers Pictures sixes, Skelly Oil 5 1/2s, International Match fives of 1941 and of 1947, General Theaters Equipment sixes and Porto Rican American Tobacco sixes were active industrial loans to close lower.

Activity in loans of the United States government increased moderately as they closed firm.

CURB STOCKS ARE  
ON BIG DECLINE

By Claude A. Jagger  
Associated Press Financial Editor  
New York, Aug. 17.—(AP)—Curb stocks declined irregularly today, but in equally significant fact was the dullness of trading. Sales totaled 220,000 shares compared with 270,000 shares in Saturday two hour session.  
Such activity as developed today was concentrated largely among leading utility and a few well known industrial issues. Electric Bond and Share was under pressure all the time and closed 13 points lower, one of the largest net losses among the active stocks. Cities Service, American & Foreign Power warrants and Utilities Power & Light common and B stocks ended the day lower. Duke Power jumped 5 1/2 points to 108 on a few transactions. Niagara Hudson Power turned firm in the late transactions.  
Aluminum of America and Aluminum Ltd., suffered two of the largest losses among the industrials, 3 and 7, respectively. Philip Morris was active and firm. Woolworth, Ltd., lost fractions on sizeable sales.  
Fluctuations among the oils were mixed. Standard of Indiana and Vacuum were moderately active and closed a little lower as did Standard of Kentucky.  
Atlas Utilities was one of the most active investment trusts and it lost fractions after early firmness. Blue Ridge, Shearman, Goldman, Sachs & Co. better export inquiry was reported and sales in all positions were placed at 500,000 bushels; receipts 317 cars, with a total for 10 principal markets of 2,934 cars; shipping sales 6,000 bushels; booked to arrive 5,000, cancellations 174,605.

READ THE STORY—THEN COLOR THE PICTURE

New Scouty was a smart young lizard. To Clawney he said, "If you had some new fat worms to feed those birds, they would be real safe and sound. They wouldn't bit you, I am sure. Come on, some worms we will secure." And so they looked around until a lot of worms were found.

Then Clawney crawled up to the birds and said a few real friendly words to them. The birds looked across. The ruffled up their wings. "Now wait," said Clawney. "You will see that you need not be scared of me." He held his worms up high and

and soon the whole bunch heard him say, "Come here, you lizards. Here's something to eat. You have never seen this before." The Tynmites rushed up again. "They're lizards," said wee Scouty. "And I've heard they're very mean."

"You bet they are. They often bite, but all of you will be all right, if you just let them both alone," replied the Traveling Mice. "If you don't mind, they are found. Just stand and watch them crawl around." A lizard crawled toward Clawney and away he ran.

were gone. My, how they liked the treat. But neither one seemed satisfied, so Clowny very loudly cried, "Hey, Tynmities, run out and get them something more to eat."

That simply was a mortly done and then the whole bunch had some fun. They'd hold the worms up high, and watch the birds snap very quick. "Well, we've made friends," we Coppy said. And then he patted one bird's head. Another cried, "At grabbing worms those birds are surely slick."

The Travel Man had walked away

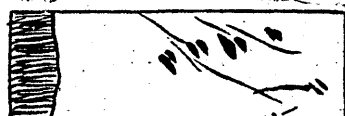

New York, Aug. 17.—(AP)—Police today revealed details of what they called the most brutal murder in Brooklyn crime annals, the killing of three men who were made targets for knives in a speakeasy cellar.

The victims, Charles M. Aturo, Charles Siminelli and Joseph Barber, were found in a cell in the last Friday, their heads crushed and their bodies covered with knife wounds.

Now, police said today, an eye wit-

KRATZ' FUNERAL TO BE TUESDAY AT MEREDOSIA

Well Known Resident Dies Sunday Morning at the Passavant Hospital

Meredosia, August 17.—Funeral services for John Kratz, who passed away at Passavant hospital in Jacksonville early Sunday morning, will be held at the home in Meredosia, Ill., at 10 o'clock Tuesday afternoon.

The remains were taken to Meredosia, Ill., by Rev. J. H. Utesch of the Meredosia Lutheran church officiating. The I. O. O. F. Lodge No. 962 will be in charge of the rites. Burial will be in Oakland cemetery.

Mr. Kratz died at 2:10 Sunday morning, August 16 after a lingering illness, following a life which had been spent almost in its entirety in Meredosia. The well known citizen, who was 68 years, 3 months and 15 days at the time of his death, had been at the Jacksonville hospital approximately a week or ten days. He was a traveling salesman for a number of years.

He is survived by his wife and two sons, Royal of Oquawka, Illinois, and Oren of Meredosia.

The remains were prepared for burial at the Arthur G. Cook Funeral Home in Jacksonville and later taken to Meredosia for the funeral services.

James Allan is TAKEN BY DEATH; FUNERAL TODAY

Prominent Farmer Passes Away Sunday Afternoon Near Lynnville

James Allan, highly respected and long time resident of Morgan county, passed away at 2:05 o'clock Sunday afternoon, Aug. 16, 1931, at his home, three miles east of Lynnville. He was 80 years old.

In his passing the county loses one of its best known and substantial citizens. Mr. Allan's life was one of work, service and friendship. He was a genial, robust man who made friends easily and retained them through his life.

He was born at Bathgate, Scotland, March 31, 1851, a son of Peter and Jane Dunlop Allan. His father was a baker by trade, and the family came to Morgan county when James Allan was two years old. Peter Allan was for some years a baker at the Illinois School for the Deaf when that institution was in its infancy.

Mr. Allan was united in marriage with Christine O. Mutch of near Murrayville when a young man. Practically all of his life was devoted to farming. He resided in Jacksonville for a few years, but returned to the farm where his interests were centered.

He was a man of excellent habits and lived religiously, taking an active part in movements for the betterment of his community and county. He was a member of Wesley Chapel M. E. church of the Jacksonville circuit.

Surviving are his wife, Mrs. Christine Allan, five children, Mrs. S. J. Tompkins, Springfield; James Walter Allan, Jacksonville; Mrs. Ernest Milton, Murrayville; Mrs. Leslie Lewis, Jacksonville; and Mrs. Allan Gordon, Lytle, Minn.

Brothers and sister surviving are John R. Allan, Jacksonville; Mrs. Margaret Middleton, Jacksonville; Mrs. Robert Allan, Springfield; James Scott Woodson, and Mrs. Mary Sturdy, Lynnville.

The funeral will be conducted at the family residence east of Lynnville at two o'clock this afternoon. Interment will be made in Diamond Grove cemetery.

RETURN TO SCHOOL TO BEGIN DURING AUGUST

An unusually early opening date for several of the Morgan county schools will be in order this fall as the result of the arrangement of the days of the week at the close of August and first of September. As summer draws to a close, the attention of school children throughout the county must turn to the renewal of classes and it happens that this year a few of the school houses will open their doors on the advanced date of August 31. For the majority, however, September 7 will see the first day.

From the office of Superintendent of Schools H. H. Vasconcellos comes the report that a few of the country schools have signified their intention of opening on the last day of August as the first Tuesday in September will not fall until the seventh. In reality August 31 is not much earlier than the opening day of the schools in a number of years past, but to resume studies in August, however late it may be, may well appear too much of a "hurrying-up" process to the boys and girls.

In the main the country schools have sent word to the local office that they will call the students back to work on the seventh of September.

SPEND SUNDAY IN JOHNSON HOME

Mr. and Mrs. John Briggs and daughter Frances of Mt. Sterling and Roy Ross of Roadhouse were Sunday visitors in the home of Mr. and Mrs. D. P. Johnson on Hardin avenue.

## BOY SCOUTS FROM KANSAS CITY ARE VISITORS HERE

### Fourteen Boys and Two Scout Executives Spend Night at the Kiwanis Hut

With Judge E. E. Kirkland of Liberty, Mo., in charge, fourteen Boy Scouts from the Kansas City area, arrived in Jacksonville at 10 o'clock last night and were guests of Jacksonville over night. The boys were housed in the Kiwanis Hut, southeast of Jacksonville, which is used by the Jacksonville Area Boy Scouts of America.

The sixteen boys, from several Missouri towns are being given an educational tour by the Kansas City council for outstanding work during the past year. In order for a boy to become a member of the four he must do some outstanding work in school, church and in the community.

The boys left Kansas City yesterday morning and made a brief stop at Hannibal, Mo., and Pittsfield, Ill., before arriving in Jacksonville.

On reaching the city limits of Jacksonville, Mr. and Mrs. Frank B. Insley met the "Scouting Tour." Mr. and Judge Kirkland are old time friends. Mr. Insley being a resident of Liberty before coming to Jacksonville. Mr. and Mrs. Insley took charge of the visitors and after the dinner at the Peacock Inn, the boys were taken to the Kiwanis Hut where they will spend the night.

They expect to leave for Springfield about 9 o'clock this morning. Mr. Insley will probably accompany the scouts to Springfield.

Judge Kirkland said last night that before returning home the boys would be taken to Springfield, where they will visit Lincoln's Tomb. They will then start eastward and plan to visit Washington, New York, Niagara Falls, Toronto, Chicago and several other cities before returning home. The tour will probably cover 3,000 miles of United States and Canada soil.

The boys are traveling in a large truck, which contains banners of various descriptions.

Following is the personnel of the "1931 Roving Tour of the Kansas City, B. S. A. Covered Wagon Division":

Judge E. E. Kirkland, Scoutmaster, Liberty, Mo.

Morgan Goodhart, Executive, Scouts—George Wesley, Bangor, Liberty, Mo.; Ernest Keller, Bell, Jr., Liberty, Mo.; Hubert C. Carver, Jr., and Edward L. Felgate, Higginsville, Mo.; Charles Gray, Harrisonville, Mo.; William Hughes Hickerson, Independence, Mo.; Jack Allen Johnson, Oak Grove, Mo.; William Joseph Kelley, Jr., Liberty, Mo.; Joel R. Lovelidge, Harrisonville, Mo.; C. W. Martin, Excelsior Springs, Mo.; Donald Page Melton, Jr., Carrollton, Mo.; Jack Samuel Newhouse, Independence, Mo.; Walter Lawrence Smiley, Excelsior Springs, Mo., and William Howard Sneed, Independence, Mo.

JOSEPH KOHL OF CARROLLTON, ILL., KILLED BY TRAIN

Funeral Services for Aged Farmer Will Be Held Tuesday Afternoon

Carrollton, Aug. 17.—Funeral services for Joseph Kohl, a former resident of this city and who was killed at Milan, Ill., last Friday by stepping in front of a Rock Island train, will be conducted from the Baptist church here Tuesday afternoon at two o'clock. The services will be in charge of Rev. E. P. Leick. Interment will be made at Fieldon, in Jersey county.

Joseph J. Kohl came to Illinois from Germany with his mother when he was three years of age and settled near Grafton, in Jersey county, where he remained about five years. At the age of eight years he was adopted into a family by the name of Bush in Greene county, with whom he lived until he was twenty-one years of age.

On becoming of age he married and located in Jersey county, where he resided for the ensuing twenty years, and then he returned to Greene county and resided on a farm for thirteen years. After leaving the farm, he resided in Carrollton for about three or four years. For the past fifteen years he had resided with a son, Dr. Joseph J. Kohl, Jr., at Stevensville, Montana.

The deceased had recently been here to visit with relatives and had gone to Milan, near Rock Island, several days ago to visit with two of his daughters. He was deaf and apparently walked upon the tracks without noticing the approaching train.

He was eighty-three years of age at the time of his death. The remains were brought to Carrollton on Sunday morning and taken to the home of a daughter, Mrs. Terry Sturmon.

He is survived by three daughters, Mrs. P. G. McCormick and Mrs. Russell Cooney, both of Milan, and Mrs. Sturmon, of this place; and three sons, Dr. William E. Kohl, of Chicago, Peter J. Kohl, of St. Paul, Minn., and Dr. Joseph J. Kohl, Jr., of Stevensville, Mont. His wife preceded him in death about thirty-eight years ago.

BURGLARS OPEN SAFE AT ICE CREAM PLANT

Breaking into the Jacksonville Ice Cream Company offices on East Douglas avenue Sunday night, burglars devoted their energies to battering open the safe. The combination knob was knocked off and the inner compartment searched but the thieves failed to find anything of value. It is understood. Nothing else in the building was molested.

The thieves pried open a window to get into the office.

CALLS MEETING

President J. H. Dial of the Jacksonville Community Chest has called a meeting of the directors for Wednesday afternoon at 4 o'clock. The report of the chest treasurer will be received as plans for the 1931-32 chest campaign will be discussed.

The campaign will be conducted before October first.

HUSBAND OF ONE TIME RESIDENT HERE, SUICIDES

W. L. Moore of Bloomington Leaps From Tower at Balboa Park, Cal.

San Diego, Cal., Aug. 17.—William L. Moore, banker and civic leader and lifelong resident of Bloomington, fell to his death from the California building tower in San Diego, Calif., Sunday afternoon. Mr. Moore had gone with a group of friends to obtain a panoramic view of the city.

Mr. Moore was preparing to descend the tower when he slipped. He was struck a ledge 15 feet below and then hurtling 200 feet to the ground.

Mr. Moore had been in failing health since 1922 when he suffered a nervous breakdown. He had spent much of the time since then in California, relinquishing most of his duties and responsibilities in the Peoples Bank of Bloomington, of which he was president, and in the Bloomington Loan and Home Savings association, of which he was also president.

Mr. Moore was born in Bloomington, Aug. 8, 1862, to W. B. and Eliza E. Moore. He received his education in the second ward grade school and at Bloomington high school. Soon after graduating he went to the State National bank as messenger boy and there worked his way up to the position of cashier.

He married Miss Mabel Ward of Bloomington, who survives, with one daughter by a previous marriage, Mrs. Paul Harp of Pleasant View, Iowa. He is also survived by two sisters, Mrs. E. P. Leick, 203 Union Street and Mrs. Harry McFadden, Deland.

Mrs. W. L. Moore, wife of the Bloomington banker who leaped from a 220-foot tower in San Diego, Cal., Sunday, is a former resident of this city. She was formerly Miss Mabel Ward, of Bloomington, and was married to Mr. Moore in 1883, when they resided in Bloomington. Mr. Ward, father of Mrs. Moore, was formerly in the piano business here.

## LEGIONNAIRES ARE BUILDING CHARIOT FOR BIG MEETING

### Old Fire Truck is Being Converted Into a "Fun Wagon"

Members of the American Legion are busy putting the finishing touches on the "fun wagon" which the legionnaires plan to take to Springfield next Sunday and to the Legion convention in Peoria two weeks from today.

The "fun wagon" will replace the "Engine and Box Car" which has been used by the Legionnaires at several conventions.

The novel vehicle was made possible through the courtesy of W. H. Ditch of Elkhart, Ind., district representative of the American-LaFrance Fire Apparatus company, who donated an old fire truck to the local Legion to be used by the "fun makers" of the Legion.

The fire truck mounted on a Ford chassis was formerly used by the Plano fire department. Mr. Ditch who is a Legionnaire on learning that the local boys were anxious to conduct a "fun wagon" donated the vehicle to the local post.

A committee composed of James Scott, Harold McDougall and Homer Bradney immediately started the work of dismantling the old fire wagon and repainting it into a real "fun wagon."

When completed the "fun wagon" will be used by a "Hay Seed" band. Seats have been installed in the hose body of the vehicle and will provide accommodations for several members of the band. The bell and siren will remain on the truck, and Clarence Walsh is planning on equipping the truck with a broadcasting set.

The truck will be used for the first time next Sunday when it will make a trip to Springfield to help advertise the Legion convention which will be held in Peoria.

Uniforms for the band members will be secured this week and the band will be furnished with instruments of various kinds.

The truck will be painted red with "Jayville Police Department Band" painted on the side.

The Jacksonville "fun wagon" will probably be kept busy at the Peoria convention as the local legionnaires have a reputation for providing real entertainment at the Legion conventions.

PRICE CUTTING WAR WITNESSED BY LOCAL MAN

S. E. Brummett Sees Prices on Dresses Reduced From Dollar to Nothing

S. E. Brummett returned home yesterday from Tomahawk, Wis., where he spent the past few weeks on a vacation. While in Wisconsin, Mr. Brummett said that he witnessed a price cutting war which took place between two department stores at Rice Lake, Wis.

Mr. Brummett brought a copy of the Milwaukee Journal, home with him. The paper carried a story about the price cutting war, a portion of which is given in full.

"Price cutting can't, it would seem, go beyond the point where the vendor gives his merchandise away, but it did in Rice Lake, Wis., recently, when two rival department stores slashed prices on house dresses down to nothing and then one store actually paid customers to carry its dresses away."

"It all started when Chalmers', which bought out the Fair store here only six months ago, put house dresses that normally sell for a dollar in the window bearing a tag reading 69 cents."

Crowds Watched Windows

"Abramson's store, directly across the street, was not to be outdone, and the manager immediately put a similar quality dress in the window at 39 cents. Chalmers' promptly cut the price to 29 cents. Abramson's didn't hesitate. The size with sleeves away was changed at once to 19 cents."

"By this time the news had spread among the women of Rice Lake and the dresses were selling by the dozen. Farmers' wives in town to do their week-end shopping bought heavily at the bargain prices. Eager crowds watched the windows of both stores to see the next move."

"They didn't have long to wait for as soon as the manager of Chalmers' learned that Abramson's were selling their dresses for 19 cents, he cut the price to 14 cents. Abramson's, in turn, cut the price to 9 cents. Chalmers' lopped off 2 cents and offered dollar dresses for a nickel. Abramson's cut the price to a penny and Chalmers' immediately put a sign in the window which read: 'Come and get a house dress free.'"

"The ultimate was reached when Abramson's sign invited the women shoppers to come in and get a dress free and a nickel premium."

Chalmers' supply of dresses was exhausted shortly after the store started giving dresses away, but the manager's ingenuity wasn't. He placed a sign in the window which read: 'We lead, others follow.'"

Abramson's store has been established in Rice Lake for 13 years and the manager's retort read: "Problem No. 1. How could a 6-month-old baby lead a 13-year-old boy?"

"Chalmers' answered the query by quoting scripture. The store's sign read: 'And a little child shall lead them.' Abramson's replied that 'On the way he stubbed his toe.'"

Chalmers' sold about 100 dresses and gave away 20. Abramson's sold about 100 and gave away about the same number. Throughout the day there was no bitterness on the part of either store manager. They joked and laughed about the price cutting and "kissed" each other warmly as well as through the window signs.

"Rockefeller giving away dimes has nothing on us," Abramson's manager said after the sale was over."

Oliver Henley, of Loami, was among the business transactors here yesterday.
